2018 REIKI CLASS SCHEDULE

-joti, a point of Light, illumination. joti reiki, enlightenment through Reiki!

Maureen Donohue started her practice in October 2003 out of a desire to specialize in client focused, heart-centered, therapeutic Reiki and workshops. Her passion is teaching and she has held monthly Reiki workshops since her very first Reiki Level I class back in March of 2006.

Reiki means Universal Life Force. The practitioner uses hand placements on specific areas of the body when performing a Reiki treatment. Reiki can address a wide variety of issues, physical, emotional, mental and spiritual. Most clients experience warmth from the practitioners' hands and a deep sense of relaxation and well-being after receiving a Reiki treatment.

One client states, "I look to Maureen as more than a healer, but also a teacher and a cheerleader. She helped me recognize an ability I had overlooked and has been a great source of encouragement as I've worked to develop that ability over the past two years. Because of the overwhelmingly positive effects I experienced from Reiki with Maureen, I attended one of her Reiki classes and now practice Reiki to share the positive healing with my friends and loved ones. Maureen is an incredible teacher."
